PERSONAL SUMMARY

I have mostly worked in customer service which has allowed me to gain experience in team collaboration, allowing to demonstrate my skills in adaptability and problem solving in fast paced environment.

During my education at Griffith University, I acquired a Bachelors of Design, majoring in Immersive Design. Throughout my education I was able to hone the collaboration skills with other like-minded designers in my course to complete the deadlines on group projects. I have acquired several other skills and knowledge in creating 3D models, landscapes, and characters for VR and game experiences.

My long term goal is to apply those skills to build and model 3D environments and elements - in programs like 3DS Max - and utilise them to create immersive and interactive escape rooms.

WORK EXPERIENCE

○ Dec 2023- Present
Padlockd Escape Room, Gold Coast
Game Master

○ Jun 2024 - Present
Art Bound Initiative, Remote
Content Ambassador

○ Sep 2020 - Jan 2024
McDonalds, Gold Coast
Shift Manager

○ Sep 2023 - Dec 2023
Culture Kings, Gold Coast
Sales Associate

FRANCHESCA GARA

Immersive and Graphic Designer

INTERESTS

Travelling

Visited places like Japan, Philippines, America and Singapore.

Soccer

I love being a part of a team working together to succeed. I am also very competitive.

Crocheting

In my spare time I love to crochet hats for friends and family.

Art Figure Collecting

I collect 'Hironos', an art figurine collection by Lang that explores the subtle emotional fluctuations of people in life.

Dance

I enjoy participating in dance classes. Gives me an opportunity to socialise while also being active.

Escape Rooms

I love puzzles. Having to escape out of a room within the time limit is very enjoyable.

AWARDS

- 2023
Griffith University
Academic Excellence
- 2015
Assisi Catholic College
Innovation Award
